One Hundred and Forty Mortally Wounded Russians

Grand Lewis and Clark Celebration Is In Progress.

PITCHED IN THE SEA.

This Action, It Is Asserted, Was on Account of Shrieks of the Dying Unnerving Remainder of the Crew.

PRESIDENT STARTS IT

Number of Notable Men Were Present at Portland, Including Vice President Fairbanks and Speaker of House.

Tokio, June 2.—It is planned to bring the battleship Orel to Yokosuka, where the emperor will visit her. A remarkable story is circulating concerning the wounded on the Orel. It is said at the opening of the fight 300 men were killed and wounded and that the groans and shrieks of wounded had so harmful an effect it was decided to throw the mortally wounded into the sea. One hundred and forty, it is said, were thrown overboard. Those slightly wounded were then fastened to masts to prevent their interference with the fighting of the ship.

It is impossible to obtain any confirmation of this story, but later reports say the crew of the Orel fought with desperate bravery throughout the day, previous to their surrender. The hull of the vessel is shell marked and many of her guns are smashed and dismounted.

NATIONAL ASSEMBLY.

Its Summoning Being Advocated More Vigorously Than Ever.

St. Petersburg, June 2.—The Russian press is still advocating more vigorously than ever the summoning of the national assembly, even the re-actionary Svet joining in the general chorus. In view of the current rumors it is most significant that papers which have more or less the confidence of the government unanimously take the position that the representatives should decide the question of peace or war.

All censorship is now removed from foreign dispatches and the people are appalled at the horrible stories of slaughter on board the Russian ships. The admiralty has not yet been able to estimate even approximately from foreign advices the loss of men, but as the ships were over rather than undermanned, the total will be greater than the ordinary complement of vessels would indicate and probably exceed 10,000, if only about 4000 were saved.

Requiem masses are being celebrated constantly in all churches and chapels for the repose of the souls of the slain, although distracted relatives are unable to learn definitely the fate of those dear to them.

The admiralty up to the present time has been unable to throw any light on the situation except to announce the safety of those who reached Vladivostok.

Ugly stories are circulating in this city of the demoralization and even treachery of the crews of several Russian ships during the battle, and it is even said the crew of the battleship Orel bound the officers and hoisted the white flag. The origin of these stories, which are discredited by all naval men here, cannot be traced, as the only direct information comes from Japan, but doubtless they are based on the trouble among the crew of the Orel before her departure for the far east. She sunk at her dock before she left Cronstadt and later at Libau the crew was mutinous.

Indignation against Rear Admiral Nebogatoff is growing. The epithets, "coward" and "traitor" are coupled with his name, especially since the receipt of Tokio dispatches showing his surrender was not in the heat of battle, but with land close under his lee, to which his crews could have escaped after the destruction of the ships.

Conservative Russians are alarmed at the possibility of disorders in various parts of Russia as the result of the disaster, and a feeling of disquietude for the future is manifested everywhere.

KNEW OF IT.

Japanese Government Aware of Intentions of Rojestvensky.

Victoria, B. C., June 2.—According to advices received by the steamer Kanagawa, the government was informed that Rojestvensky intended to try to pass through the Straits of Korea. When the steamer Kanagawa was about to sail from Yokohama on May 18 the directors of the Nippon Yusen and Kaiwa line are said to have been informed there was no danger of encountering Russian vessels in the Pacific and the steamer proceeded to America. The steamer Iyo at the same time was ordered by cable to proceed from this side, and cable advices were received Friday by local agents of her safe arrival.

Official Denials.

Paris, June 2.—Following official note has been issued: "M. Bompard, French ambassador to Russia, is still in Paris. Therefore, it is not true he is in St. Petersburg. It is equally incorrect that France addressed an appeal to the powers with a view of consulting them on the war situation."

Renewal of Rioting.

Lodz, June 2.—There was renewal of rioting here Friday morning. A crowd of people stoned a detachment of Cossacks and the latter fired, killing two persons and wounding others.

EXPOSITION IS OPENED

Portland, Ore., June 2.—With the booming of cannon, blaring of bands and cheering of thousands of persons this city made her greatest bow to the world in the formal opening of the Lewis and Clark Centennial exposition. The event took place under conditions presaging complete success to this historical commemoration of the blazing trail to "Old Oregon" by Captain Meriwether Lewis and William Clark, who, commissioned by President Jefferson, explored the great Oregon country 100 years ago.

Promptly at 12 o'clock Thursday President Goode of the exposition announced the beginning of the ceremonies. Bishop Moore of the Methodist church invoked the divine blessing. "Imperial Oregon," a march composed by Innes, and dedicated to the memory of Lewis and Clark, was played. President Goode then delivered an address, followed by Governor Chamberlain of Oregon. Hon. C. O. Clark of Wyoming spoke for the national senate, and Hon. James A. Tawney of Minnesota for the house of representatives. Speaker Cannon of the latter body made an address next, punctuated with humor.

Vice President Fairbanks, who represented President Roosevelt, was given a tremendous greeting. His speech was interspersed with much applause.

The presidential salute of twenty-one guns was the signal that the moment for the opening was at hand. A telegraph operator, seated at an instrument on the speaker's stand, heard a click which stated President Roosevelt had opened the exposition.

Almost simultaneously with the clicking of the telegraph instrument President Goode's gavel fell, and he proclaimed the exposition open. The throng seemed hardly to realize it, but as the clear, sweet tones of the cathedral chimes in the government building floated out and hundreds of flags broke to the breeze, and cannon roared their thunderous accompaniment to the "Star Spangled Banner," played by the massed bands, pandemonium loosed itself. One wild, exultant shout, and then cheer after cheer resounded through the grounds. Hats were thrown into the air and the noise was swelled by a thousand horns and the shrieking of whistles.

Archbishop Christie pronounced the benediction, a salute of 100 guns was fired and the vast throngs scattered over the grounds.

EFFORTS TO SETTLE.

Teamsters Opening Negotiations With Members of Employers' Association.

Chicago, June 2.—Efforts toward a settlement of the strike was made Thursday by teamsters opening negotiations with individual members of the Employers' association. A committee, consisting of three members of the Department Store Delivery Drivers' union, was appointed by the Teamsters joint council to call upon State street merchants. The terms upon which the committee was authorized to treat with the employers appeared to be practically those previously rejected by the merchants as a body, namely, that in the event of raising of the boycott with reference to members of the Employers' association the teamsters should not be required to deliver or receive goods from express companies.

BRIBERY CHARGED.

Shea and Young Allege They Were Offered Large Sums.

Chicago, June 2.—Charges of bribery against an official of the Employers' Teaming company were made Thursday to the grand jury by President Shea of the Teamsters' union and by Albert Young, former president of the same organization. Young and Shea claim they were offered \$10,000 two years ago to bring about a strike of the teamsters employed by Sears, Roebuck & Co., which is a rival concern of Montgomery Ward & Co. They said that they refused the money and the strike was never called. Shea was the first witness and his testimony covered the offering of the bribe and his statement that he would not call the strike for \$10,000. Young gave similar testimony.

TWO HUNDRED CASUALTIES.

London, June 2.—An earthquake caused great damage at Scutari, Albania, where about 500 houses collapsed and 200 persons were killed or injured.

Earthquake Shock.

Cetin, Montenegro, June 2.—There was an earthquake shock Thursday morning. A number of houses collapsed and one person was killed and several injured.

Alfonso Congratulated.

Rome, June 2.—Chamber of deputies congratulated by unanimous vote King Alfonso over his narrow escape.

SATURDAY, JUNE 3.

DR. GEO. R. TABOR WED.

The State Health Officer Led to the Altar Miss Ann Barton.

Austin, Texas, June 1.—There occurred tonight, at the home of the grandmother of the bride, a wedding of statewide interest, that of Miss Ann Barton and Dr. Geo. R. Tabor, State Health Officer. Only the relatives of the contracting parties gathered at the old Galen Crow homestead on Rio Grande street, and witnessed the solemn ceremony which united the two happy hearts.

The bride is a granddaughter of the late Col. Galen Crow, who was well known in south Texas, and her father is a resident of Oklahoma Territory. She was recognized as one of Austin's fairest young ladies and held in high esteem by her numerous friends. The groom, Dr. Tabor, is well known over the State. His magnificent record as a State officer and courtly bearing are generally known.

After a bridal trip to eastern resorts and Canada the couple will return to Austin about June 21st and take residence in the doctor's handsome home.

Remember the electric fans and free ice water, that will make things comfortable.

The city authorities and the ladies of the Civic club unite in the hope that the people of Bryan generally will make a united effort to have the city in the cleanest and most attractive condition possible for the A. and M. commencement season which brings so many visitors to the city. Favorable impressions made upon visitors are just that much good advertising for Bryan and for our schools, and vice versa. Let everybody make an extra effort at cleaning up their premises, and the streets will be kept clean.

Miss Florence Glover, who for years has been the leading soprano of the Castle Square Opera Co., will appear in our city with the Boston Ideal Opera Company.

HIGH SCHOOL COMMENCEMENT.

Class of Nine Graduates—Awarding of the Banks Medal.

The graduating exercises of the Bryan High school attracted another immense audience to the Grand opera house last night, concluding an entire week of commencement exercises by various schools of the city.

The program rendered by the class was a highly entertaining one and is given in detail below. The class of this year has been the subject of compliment upon the good work it has accomplished, and the character of the exercises was such as to abundantly justify sincere commendation. Miss Mary McInnis was selected for the response from the ninth grade, and most creditably represented the class of next year.

The awarding of the Major W. A. Banks memorial medal, offered by the Mutual Improvement Club for the highest general average of scholarship, for the year, is always the subject of active interest. The competition is open to students from the fifth to the tenth grade inclusive, numbering about 250 pupils, and the honor is one much sought. The medal was presented last night to Miss Lucile Batte for the second time, she having won the same honor last year by a grade a fraction less than that of this year which is 97 3-4. Such a distinction is indeed a most notable one.

The State University scholarhip was awarded to Miss Fannie Lou Brogdon, first honor graduate.

Books were presented to Miss Maggie McDougald and Willie Roseborough, class captains of Miss Ada Board's pupils, by the pupils of their classes.

INSURANCE.

We are prepared to insure any kind of insurance property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, gins, etc.

We can insure your life in the best companies on earth for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while Fire Insurance is a good thing, Life Insurance is more important as out of 1200 fires one burns, where every man who insures his life dies.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

ATTACKED BY WOLVES.

A Desperate Encounter in Which Lady and Children Narrowly Escape.

Refugio, Tex., June 2.—News has reached this place of a desperate fight with a pack of *lobos* wolves which came near resulting in the death of Mrs. Marie Planches and her two children. While driving home in a buggy from the Las Rurales ranch the wolves appeared from a dense thicket and attacked the horse. The maddened animal was able to make but a few hundred yards before he was brought down. Then the attack centered on Mrs. Planches and the two children. With no more effective weapon than the butt end of a buggy whip for nearly an hour she waged a desperate battle for the life of herself and little ones. Having tasted blood, the savage animals leaped repeatedly at her throat and made desperate efforts to drag the children from the buggy seat, but being a strongly built woman, her well-directed blows of the whip drove them back. Mrs. Planches was fast nearing the point of exhaustion, when Hank Hinzer, who carries the United States mail between Beeville and Blanco, appeared and with a few well directed shots from his six-shooter scattered the pack.

A piece of fresh meat in the woman's buggy is supposed to have caused the attack, as these beasts have never been known to display such boldness before.

The woman is not able to give a description of her assailant. She may die.

Mr. Bedell represents Dallas parties and was given to understand that San Angelo would give a bonus of \$10,000 if his people would build a \$75,000 hotel here.

El Paso's Costly Blaze.

SURRENDER OF SHIPS.

Novoe Vremya Declares That the Officers Should Be Courtmartialed.

St. Petersburg, June 2.—According to a dispatch from Baron Ferzen, the battleship remaining in the fight were still in squadron formation when he was cut off, and this increases the deep resentment felt here at the surrender of the ships, the Novoe Vremya even declaring that the officers should be courtmartialed and shot for hauling down their flags and turning their ships over to the Japanese.

The report from Lieutenant Bourinov of the torpedo boat Bravil telling how that boat was disabled on the first day of the fight, and escaping to Vladivostok through the midst of the hostile flotilla, being obliged to burn her wood work to reach harbor awakens a gleam of satisfaction, and though the Izumrud failed to reach Vladivostok, her destruction at the hands of her commander is regarded with almost equal pleasure.

St. Petersburg is full of rumors of the most contradictory character regarding the prospects for peace, but in the best informed quarters the Associated Press has been told that no definite decision had been reached.

Nevertheless, it is persistently reported that an imperial manifesto may be expected within a brief time.
